

# PowerShop: A Bright Idea

The Mid-Atlantic  
Aggregation Group  
Independent  
Consortium, LLC  
has partnered with  
Metromedia Power

## MAAGIC Frequently Asked Questions

**What is Power Shop?** Power Shop is a Health Facilities Association of Maryland endorsed energy-purchasing program put together by Metromedia Power, one of the largest and most experienced buyer's agents in the energy industry. Through our purchasing concept, we do all the work for you from start to finish. Our relationship with the biggest wholesale suppliers in the industry guarantees you the lowest market rate.

**How does it work?** With your authorization, Metromedia Power will obtain your last 12 months usage history of your business from your local utility company and then source it out to over 12 wholesale electricity suppliers. Your usage profile will be priced individually and we will put together various pricing options and a user-friendly contract from the lowest priced suppliers for your review.

**What are the benefits?** The benefits to you are peace of mind, timesavings and the lowest cost available. MMP's expertise and due diligence will guide you through the decision process and make the transition a simple one.

**How do I enroll?** The enrollment process is simple. Please fill out the enclosed agreement with your name, billing address, utility name and utility account number for all of your locations and fax it back to Tom Gussen at 732-518-5213. If you would like to speak with him directly, please call him at 732-440-0031 and he will answer any questions you may have.
